

# IV WORLD CONGRESS OF SCIENCE AND RACKET SPORTS

## VII IBF WORLD SCIENCE CONGRESS

21 - 23<sup>th</sup> SEPTEMBER  
2006 - MADRID

## Introduction

After holding several successful Conferences on racket sports and badminton since 1990s, the International Badminton Federation and the World Commission of Sports Science (Racket Sports) have decided to join their efforts to organise a new comprehensive Congress, to be held in Madrid in September 2006.

In this Congress, topics will centre on the development and promotion of Racket Sports as a group of expanding sports, although new techniques and philosophies related to the preparation and development of racket sports players will be also presented.

A series of presentations will focus on methodology and teaching of racket sports, the assessment of training and learning and aspects which should be taken into account in relation to differences between men and women.

## Conference Language

The official languages of the conference are English and Spanish. Translation facilities will be available.

## Call for Papers

Any proposals concerning the Congress topics or on any of the basic or applied sciences related to the science of racket sports will be welcome. Each submission should be an original work that has not been previously published. The scientific committee will review abstracts prior to acceptance. They will be grouped thematically either in free communications or poster sessions, or as related to invited speaker presentations.

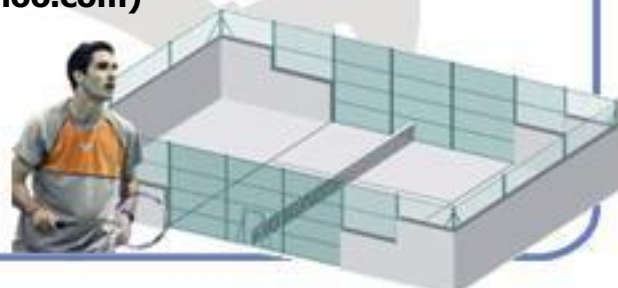

All accepted abstracts will be published in the conference proceedings. The Secretary of the Congress will acknowledge receipt of proposals in due time. Notification of acceptance or rejection will be made once the Scientific Committee has selected the most appropriate proposals. People interested in making a contribution to the Congress should submit the following:

- a)** A page (on a separate file from the abstract) indicating the first name and surnames of the author/authors, professional data, postal and electronic address, telephone number and fax number.
- b)** A text file in Word format (Times New Roman 12) with the title of the paper and the abstract (400 to 500 words) written in English. The name of the file should include the name of the author. Please keep in mind that papers will be selected on account of the summary or abstract. The 400-500 word abstract should therefore reflect as far as possible the most noteworthy elements of the paper, thereby facilitating the reviewers' task.
